

N A T I O N S R I S E

WRITTEN BY A. VAN TONDER, C. ASHER, R. SMIT, A. VAN WYK

**We see You move all around us
The presence of Christ within us
You won't give up 'till every heart is Yours**

**Every knee will bow in reverence
We lift our hands to You surrendered
We won't give up 'till every heart is Yours**

**Nations rise to shout Your name
Every house declares Your praise
With one voice we proclaim
You're the name above all names**

**Every knee will bow in reverence
We lift our hands to You surrendered
We won't give up 'till every heart is Yours**

**We won't give up 'till every heart is Yours
Hope alive in hearts around us
We will go where You'll lead us
We won't give up 'till every heart is Yours**

**Nations rise to shout Your name
Every house declares Your praise
With one voice we proclaim
You're the name above all names**

**We stand amazed at what we see
A city sings, full of your majesty
Jesus, every heart is Yours**

**Nations rise to shout Your name
Every house declares Your praise
With one voice we proclaim
You're the name above all names**

**Nations rise to shout Your name
Every house declares Your praise
With one voice we proclaim
You're the name above all names**
