WRITTEN BY R. SMIT, A. VAN WYK

**Love so patient for this nation, defined in us
Love so faithful, hope that's able, to work though us
So let the glorious praises rise**

**As we move, as we go
To release Your endless love
It won't cease, it won't stop
Love that's never giving up
On us, on us**

**We will never doubt Your power, it works in us
So let the glorious praises rise**

**As we move, as we go
To release Your endless love
It won't cease it won't stop
Love that's never giving up
On us, on us**

**Let this be our worship
We surrender all we are
Let every generation sing**

**Let this be our worship
We surrender all we are
Let every generation sing
Of love that's never ending
A love that's everlasting
Let every generation sing
Oh let us sing**

**As we move, as we go
To release Your endless love
It won't cease, it won't stop
Love that's never giving up
On us, on us**

**Let this be our worship
We surrender all we are
Let every generation sing
Of love that's never ending
A love that's everlasting
Let every generation sing
Oh let us sing**
