WRITTEN BY R. SMIT

**Your love was the spark that would set my spirit alive
Your love was the anchor from heaven, to not just survive
Your love was the compass at sea, when stars moved aside
Your love chased me down and it found me, when I tried to hide**

**Oh, the wonder of Your love
Pouring out on us
Jesus, You have made me whole**

**Your love let the crown of creation, stand in the light
Your love shoved the darkness aside, Your love made it right
Your love made a way so the slave, would rule as a king
All evil was brought to its knees, of what Your love would bring**

**Oh, the wonder of Your love
Pouring out on us
Jesus, You have made me whole
Oh, how precious is Your love
Pouring out on us
Jesus, you have done it all**

**You lifted me up
Your love chased me down
Your love took my shame
And turned me around**

**You lifted me up
Your love chased me down
All praise to the King
Whose love I have found**

**Oh, the wonder of Your love
Pouring out on us
Jesus, You have made me whole
Oh, how precious is Your love
Pouring out on us
Jesus, you have done it all**
